1. We should use the power coming from the sunlight to produce electric instead of fossil fuels.

2. Air, water, land, forests, seas, rivers, lakes, oceans, trees, plants, mountains and other things that are around us.

3. Some people kill the animals for money or joy illegally and that destroys the balance of nature.

4. Getting on a bus, train, plane, ship or taking a taxi is a better way than driving our private cars.

5. I always save energy and water, clean the environment, protect animals and join nature campaigns.

3. Choose the correct bold words. (6 points each.)

1- Hurry up! The car is running. If we drive our cars too often, they will **pollute** / **clean** the air, because the fossil fuels are harmful and dangerous for our planet.

2- Whenever I see people **cutting** / **planting** trees, I warn them to stop that, because If they do that, the oxygen in the air will decrease, lots of animals will die and our planet will be a bad place.

3- We can save the planet by doing many things at home. We should unplug the TV, have a quick shower, prefer useful rechargeable batteries and use **paper** / **plastic** bags.

4- Saving wildlife, walking to the office or school, joining zero waste projects and doing things to stop global warming is **bad** / **good** for environment.

5- Land pollution is a serious problem for our planet. If we want to leave a cleaner and greener world to other people, we should **turn on** / **recycle** paper, plastic and glass and reuse them again.
