---------------	------------------	--------------	-------------------	-------------------

1) The situation in which the temperature of Earth is rising up day by day causing climate change and warmer atmosphere.

2) Disappearing or dying out on Earth. Having no species or family members forever.

3) We. The people. Living beings that are responsible for all death, destruction, harm, pollution and other bad actions.

4) Cutting lots of (hundred or thousands of) trees in a short time and letting plants, animals and also many people lose their habitat or home.

5) A dangerous and harmful material that pollutes soil and water for a long time.

3. Choose the correct bold words. (4 points each.)

1- I always see some people throw their **planet** / **rubbish** into the seas and lakes. That causes the fish and other living beings in the water to eat them and die.

2- **Renewable energy sources** / **Fossil fuels** are decreasing day by day and they are harmful for environment. They pollute land, air and water. All people must stop using them. We have to prefer using wind power or solar energy, instead.

3- **Pollution** / **Environment** is everything (air, water, trees, plants, lakes, rivers, seas, oceans, rainforests, mountains) around us, that's why we all should protect it to leave a cleaner, safer and more beautiful world to other people.

4- If your office or school is not far from your house, you should **walk** / **drive your private** car or you can get on a bus, train or take a taxi. Public transportation is the best to reduce air pollution.

5- Don't **save** / **waste** water while brushing your teeth or having a shower. Be careful about that.

4. Match the questions with the correct answers. (3 points each.)

1. Why do some animals become extinct?

2. What do you do at home to save environment / nature?

3. Where do your parents want to live in the future?

4. What happens if lots of farmers use pesticides?

5. Are paper bags dangerous?

6. Would you like to join our nature group?

7. What materials can we recycle?

8. Can you tell me an easy way to clean the air?

9. Are you an eco-friendly person?

10. How many trees do they plant in their garden every year?

a. Thousands of animals and plants will eventually die, because they are poisonous and dangerous chemicals.

b. More than twenty.

c. Plastic, paper and glass.

d. Because of us, human beings. We hunt and kill them for having much money and then, they died out.

e. Somewhere green and quiet like a small village by a river.

f. I can. Plant more trees.

g. To be honest, I don't think so.
