1. There is no one here. I'm lonely, having a pen in my hand, thinking about the poems in my head. :)

2. To me, that is the best part of a house. I can do the laundry, have a shower and brush my teeth here. Also, that place always smells fresh after I clean it.

3. My sister and I always help each other at our house. She cleans the kitchen, I mop the floor. She feeds the pet, I take it out. She loads the dishwasher, and I empty and dry the dishes.

4. You should tidy your room. It is not optional. It is your obligation. You are in charge of doing it. I mean you "must" do it. You don't have another choice. Do it now!

5. Oh my Goodness! This cake looks and tastes amazing. How can you keep cooking something tasty like that? I can eat my whole hand with it. I mean bu lezzet şakaaaa mı :) (Tiki sesi ile okuyun:)

3. Choose the correct bold words. (2 points each.)

1- At weekend, my parents usually have meetings about their occupations out of city, that is why it is my responsibility to **mop** / **take care of** my little sister. She and I always get on well with each other.

2- I don't know why I have to take the garbage out every evening. This is the most boring **chose** / **dairy**. I wish I had other duties like tidying up the rooms, dusting the shelves or do the gardening.

3- I can't even move my fingers. I'm exhausted. I'm done. That's all I can do. Finally, I have finished the chores on time before the guests arrives, but I feel too angry, sleepy and **tired** / **energetic**.

4- It is difficult to **respect** / **clean** the carpets with girgir :) Why don't we buy a Dyson? :)

5- In some countries, it is traditional for the boys to set the table before having the dinner. The parents teach that to their children when they are young. 5. Read the text below and write T (True) or F (False). (4 points each.)

Hödükman

İnsansu

"We need to share the duties." "Every man should help other family members with the housework." "Collaboration is so important that it makes life easier, more comfortable and better." Ha haaaa. Hatta hooo hoooo. In my opinion, the sentences or opinions above are not correct or suitable for human being. I think women are responsible for all the chores at home. For example, my wife always cooks, sets the table, loads and empties the dishwasher, dusts the shelves, mops the floor, vacuums the carpets, takes care of the plants, takes out the garbage, does the laundry and feeds the pet.

I'm so tired of having too much responsibilities inside and outside of home. I feel worried and tired all day long, because my life is much worse and difficult with these obligations. In my opinion, men and women are like stars and moon, seas and sun or tahin and pekmez :). I mean they are perfect when they are together and when they keep helping each other.

1- Hödükman has a special interest in finishing indoor chores only by himself.

2- Hödükman and İnsansu may get on well each other all the time, because they have similar ideas, interests and same amount of duties in life.

3- İnsansu talks about the harmony, peaceful atmosphere and happiness when people respect and collaborate with each other.

4- İnsansu never makes a fuss, complains or talks about how bad her life is.

5- Hödükman should change his way of thinking immediately, give a hand to his family members, learn that men and woman are equal and should not break the promises he gives to his family.

Let's check your test taking skills :)

6. Choose the correct answers.

Write down! Yeah, write them down! That is the most effective method to learn something or to finish a work on time. Write your responsibilities, chores or duties on a paper and hang the paper on a place where you can see every day. After a while, you will start doing them step by step and complete easily. For example, I'm a forgetful person and the first thing I do when I wake up is checking the to-do list I made.

1- Which of the following questions is answered in the text above?

- A) Are you a busy person?
- B) Do you believe education can change people in time?
- C) Can you tell the best way to encourage me about my daily obligations?
- D) What is the most boring chore you do every day?

Muhittin: Why are you in a hurry? Where are you going?

Ayris: I forgot to water the flowers. They are too thirsty. That's the only task I need to do today, that's is why I should do it immediately or they'll die soon.

Simla: What happened to you? You look terrible.

Bahattin: You have no idea about what I have done so far. Let me tell them: Taking care of my little sister, tidying my room, making some phone calls, doing shopping and washing the car.

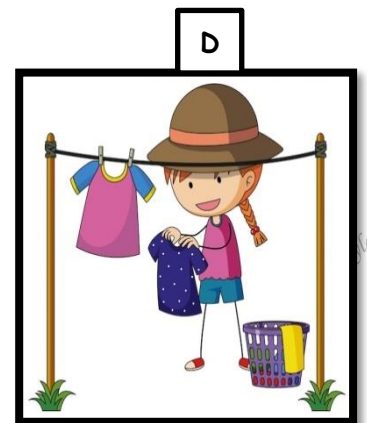

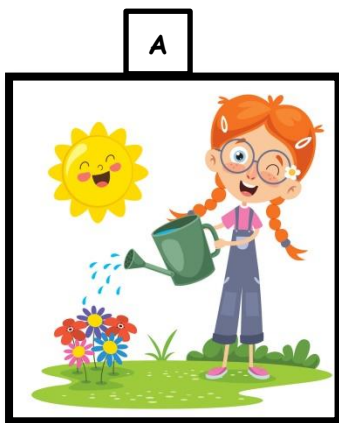

İzem: What are you doing there? Come on in.

Hurik: I will. I'm trying to take out my shoes before entering the house.

Avzem: You said you need my help. Here I'm. Tell me what I have to do.

Tırşık: Thank you so much for coming by. I have an important meeting tomorrow and I should wear a white shirt for that special day. Can you iron it? I'm bad at doing it.

2- Which of the following is NOT mentioned in the conversations above?
